

Hot Chocolate Kindersong

You came dashing, dashing, dashing through the snow.
Just to ring my doorbell, just to say hello (HI).
You're like a nice warm hug and a great big mug of hot chocolate.

Hot chocolate, you make me warm all over.
Hot chocolate, you make me feel fine.
You're like hot chocolate you make me warm all over.
You make me warm in the wintertime.

We can build a snowman, we can sleigh the hills.
Then come sit by the fire and warm away the chill.
With a nice warm hug and a great big mug of hot chocolate.

Hot chocolate, you make me warm all over.
Hot chocolate, you make me feel fine.
You're like hot chocolate you make me warm all over.
You make me warm in the wintertime..

You're like a ray of golden sunlight,
Shining on my dark cloudy day.
So good to see you smile, we visit for awhile.
The winter melts away,

You're like
Hot chocolate, you make me warm all over.
Hot chocolate, you make me feel fine.
You're like hot chocolate you make me warm all over.
You make me warm in the wintertime.

You're like
Hot chocolate, you make me warm all over.
Hot chocolate, you make me feel fine.
You're like hot chocolate you make me warm all over.
You make me warm in the wintertime.

You make me warm in the wintertime.
